Presentations

Take notes on the final project group presentations.

Video Project: Choose Your Own Adventure

Main Points: Spying

- Joey was spying on the party but his actions could have saved someone's life. Do the good Samaritan rules apply? Does this make it more ethical?
- What is the severity of the punishment? Does the intent of the hacking matter?
- Does a mother spying on her kids go under a different set of rules? Do parents have a right to spy on their kids for the purpose of safety?
